## Additional Training

- [Electrical Foundations](#)
- [Robotics Integration](#)
- [Mechanical Foundations](#)
- [Autonomy Foundations](#)
- [Software Foundations](#)
- [SMART: AI & Autonomy Certificate](#)

## Programming Languages

C / Java / HTML / CSS / JS  
XML / Arduino IDE

## Other Work

Freelance 3D rendering  
interior and exterior  
residential remodeling  
projects.

## Industry Efforts

SteelHacks Hackathon  
Code & Coffee  
Code & Supply

## Software & Tools:

Adobe XD	Android Studio
Git	Figma
IntelliJ IDE	Sketchup
MS Office	VS Code

# Robert J. “Kody” Dell’Aquila

## Designer & Software Engineer

## EDUCATION

### Community College of Allegheny County

GPA: 3.8 - Honors Student

CCAC Computer Club Member – Assisted students and gained valuable insights in comp sci courses.

Code & Supply Member – Frequent attendee, networked and collaborated on projects with local developers.

CMU Robotics Academy Internship - SMART: AI & Autonomy Certification

## Degrees:

Associate of Science: Software Development  
Associate of Science: Liberal Arts and Sciences  
Software Development Certificate

## WORK EXPERIENCE

### RJ Dell’Aquila Painting - Owner 2013–2022

- Met with clients, estimated jobs, drafted estimates, and sent emails.
- Set up start times, procured tools and/or materials, and applied interior paint coatings to walls and ceilings.
- Managed payments and accounting.

### Dell’Aquila Plastering – Personal Assistant 2012–2015

- Received business calls, recorded information with data entry.
- Forwarded information and managed emails.
- Assisted in drafting estimates.

## SKILLS

**3D Modeling & Rendering** – Architectural, furniture, products, photo realism imaging.

**Robotics & Electronics** – Mechanical kits, servos, PCB, Arduino + programming.

**UML Diagramming** – Create logical flowcharts.

**UI/UX** – Conduct research, design wireframes & UI prototypes.

**Mobile App Development** – Android mobile app design and development.

**Web Design & Development** – Conceptualize designs, implement into HTML, CSS & JS code
